XCMG XLC260M Crawler Crane (YOM 2024)

Key Specification

Manufacturer: XCMG

Type: Crawler Crane

Condition: Used - Professionally Maintained with full service records

High Traction Crawler Tracks

The elongated track frame provides a large ground contact area, ensuring stability on soft or uncompacted soils. The track shoes are heavy duty and show minimal edge wear

Heavy Duty Main Winch

The large diameter cable drum is engineered for smooth spooling and high line pull. The multi-layer wire ropes is in excellent, tightly wound condition, reducing friction and extending cable life.
